

# LY10 PRO (1 TON) MINI EXCAVATOR

## Product Overview

### Body:

The LY10 PRO 1 Ton Mini Excavator is a highly efficient and compact machine engineered for construction, agriculture, roadwork, landscaping, and utility tasks. Designed to perform in tight spaces, it delivers outstanding digging power with low fuel consumption, making it suitable for both professional contractors and small-scale operations.

### Key Benefits:

- Lightweight and easy to transport
- Strong hydraulic power
- Low maintenance cost
- Multiple attachments supported

# Technical Specifications

Feature	Details
Operating Weight	1,000 kg
Engine Model	Koop / Kubota / Changchai
Engine Power	8–12 kW
Bucket Capacity	0.025 m <sup>3</sup>
Max Digging Depth	1650 mm
Max Digging Height	2600 mm
Max Dump Height	1750 mm
Working Radius	2950 mm
Dimensions (L×W×H)	2770 × 930 × 1500 mm
Track Width	180 mm
Travel Speed	0–3.5 km/h
Hydraulic Pressure	18–20 MPa
Rotation	360°
Fuel Tank	10–12 L

## Applications

### Where It Can Be Used

- House construction
- Landscaping and gardening
- Road maintenance projects
- Farm irrigation trenching
- Underground pipelines
- Material handling
- Demolition (with breaker)

## Key Features

- Compact design suitable for tight spaces
- Durable steel structure
- Efficient hydraulic system
- Simple & user-friendly controls
- Optional retractable tracks
- Fuel efficient & low operating cost
- Easy servicing and maintenance

## Optional Attachments

- Standard bucket
- Narrow trench bucket
- Hydraulic breaker
- Auger
- Grapple
- Ripper
- Quick hitch

## Safety Guidelines

- Wear full PPE before operating
- Inspect hydraulic hoses before use
- Keep bystanders away from work area
- Do not exceed bucket load capacity
- Always park machine on level ground
- Use stable ramps for loading/unloading
- Turn off engine before maintenance
